

Law Enforcement Training Specialists International, Inc.

SPECIFIC SCENT SEMINAR • MAINE

An **L.E.T.S. seminar** is a no frills, hard working **40 hours** focused on honing **scent discrimination skills** for **reliable specific scent location**, within each discipline. The purpose of an L.E.T.S. seminar is to **identify areas of weakness** (false indications, false hits/alerts, triggering, etc.), **develop areas of strength** (strong reliable alert, distraction resistant, etc.) and provide an independent "**check and balance**" source for department or agency proficiency requirements.

We also offer annual re-certification for all agencies or departments requiring this level of proficiency evaluations.

EXPLOSIVES & NARCOTICS

AUGUST 8-12, 2011

BEAL COLLEGE
